STAFF ONBOARDING AND OFFBOARDING

Operational Checklist | Private Island Resort, Seychelles

Prepared by Taskagee Musungah • Portfolio Case Study

Document owner	Version	Effective date	Review date	Approved by

Purpose and Scope

This Staff Onboarding and Offboarding Checklist applies to employees, contractors, interns, and temporary or seasonal staff where appropriate. HR initiates the process; the relevant department manager confirms the employee's role and required access; and IT, Security, and Facilities complete their assigned controls. Access permissions and equipment assignments must be based on the approved role and job responsibilities, and must be authorised, recorded, and reviewed. Employee personal data and guest information must be handled securely in accordance with the resort's policies and applicable Seychelles data-protection requirements.

Employee and Assignment Details

Full official name	Employee/contractor ID	Department	Manager

Role/title	Employment type	Start date	Last working date, if known

Before Arrival | Establish the Person and Role

Done	Task	Owner	Due	Evidence / Notes
☐	Submit an authorised starter request containing the employee's full official name, role, department, manager, employment type, and start date.	HR	Before start date	Request/reference
☐	Identify and approve the systems, shared folders, resort areas, keys, badges, and equipment required for the role.	Manager	Before start date	Approved access profile
☐	Create a unique user account and prepare all approved equipment. Do not use a shared account as the normal arrangement.	IT	Before arrival	Account and asset IDs
☐	Prepare approved badge, key, accommodation, or restricted-area access where applicable.	Security / Facilities	Before arrival	Badge/key references

ONBOARDING CHECKLIST

First Day | Verify, Issue, Secure and Explain

Done	Task	Owner	Due	Evidence / Notes
☐	Verify the employee's identity before issuing credentials, badges, keys, devices, or other equipment.	HR	First day	Verification confirmed
☐	Activate the employee's unique user account and email account.	IT	First day	Account reference
☐	Register multifactor authentication and support the employee in setting an initial secure password.	IT	First day	MFA confirmed
☐	Issue the approved device and record its asset number and condition. Obtain the employee's acknowledgement.	IT	First day	Asset ID / acknowledgement
☐	Issue approved badges, keys, or access devices and record their references.	Security / Facilities	First day	Badge/key reference
☐	Explain acceptable-use requirements for accounts, devices, networks, and information.	IT / HR	First day	Acknowledgement
☐	Explain guest-data confidentiality, phishing reporting, lost-device reporting, and the method for contacting IT support.	IT / HR	First day	Briefing completed
☐	Test that the employee can access only the systems and locations required for normal duties.	Manager	First day	Access test result

First Week | Validate and Correct

Done	Task	Owner	Due	Evidence / Notes
☐	Confirm that the employee can perform normal duties without unnecessary privileges.	Manager	By day 5	Review outcome
☐	Resolve missing access only through an approved request; remove any access assigned in error.	IT	By day 5	Ticket/request ID
☐	Complete required security and privacy awareness training and acknowledge applicable resort policies.	Employee / HR	By day 5	Training record
☐	Complete the final onboarding review and record outstanding equipment, access, or training requirements with an owner and target date.	Manager / HR / IT	By: __/__/____	Exceptions / action owner

Onboarding Exceptions and Sign-off

Outstanding item / exception _____ **Responsible owner** _____ **Target completion date** _____ **Temporary control / notes** _____

Employee acknowledgement _____ **Manager sign-off** _____ **HR sign-off** _____ **IT sign-off** _____ **Completion date** _____

Note: "Not applicable" should be recorded where a control does not apply. Blank fields should be investigated before sign-off.

OFFBOARDING CHECKLIST

Before Departure | Coordinate the Exact Event

Done	Task	Owner	Due	Evidence / Notes
☐	Provide the authorised last working date and exact time at which logical and physical access must be disabled; classify the departure as routine, immediate, or higher-risk.	HR	Before departure	Authorised notice
☐	Identify all systems, files, mailboxes, vendor portals, shared credentials, devices, keys, badges, and ongoing work connected to the employee.	Manager	Before departure	Completed inventory
☐	Transfer required business records, files, mailbox responsibilities, and system ownership to an approved employee before deletion or disposal decisions.	Manager / IT	Before departure	Transfer record

At Departure | Remove Access and Recover Resort Property

Done	Task	Owner	Due	Evidence / Notes
☐	Disable the employee's primary user account at the authorised time.	IT	At authorised time	Account status
☐	Revoke active sessions, authentication tokens, VPN, and other remote-access permissions.	IT	At authorised time	System evidence
☐	Remove access to business applications, shared folders, and vendor portals.	IT / System owner	At departure	Access review
☐	Disable badge and other physical-access permissions; recover keys and access devices.	Security / Facilities	At departure	Badge/key log
☐	Recover laptops, phones, radios, tokens, documents, uniforms with access devices, and other resort property.	Manager / IT	At departure	Asset register
☐	Change approved shared credentials, door codes, or access codes known to the departing employee where continued knowledge presents a risk. Do not record passwords here.	IT / Security	At departure	Change confirmed
☐	For missing or damaged property, record what is missing, who was notified, the temporary protective action, and the responsible follow-up owner.	Manager / HR	At departure	Exception record

After Departure | Verify and Close

Done	Task	Owner	Due	Evidence / Notes
☐	A second authorised person verifies that logical and physical access is no longer active.	IT / Security reviewer	Within 1 business day	Verification evidence
☐	Update the asset register, staff directory, emergency contacts, mailing lists, and access lists.	HR / IT	Within 1 business day	Records updated
☐	Retain or dispose of employee information according to the resort's approved data-retention and privacy requirements.	HR / Records owner	Per policy	Retention reference

Offboarding Exceptions and Final Sign-off

Outstanding exception / evidence reference _____

Exception owner _____

Target closure date _____

Protective action / notes _____

Manager sign-off _____

HR sign-off _____

IT sign-off _____

Security/Facilities sign-off _____

Completion date _____

Portfolio disclaimer: This fictional case study demonstrates process design and must be adapted to the resort's actual systems, contracts, policies, retention schedule, and approval structure before operational use.
